

AGENDA ITEM 5.A.

MEETING: June 16, 2026
TO: Trinity LAFCo Commissioners
FROM: Colette Santsche, Executive Officer
SUBJECT: Final Budget for Fiscal Year 2026-27

BACKGROUND

Local Agency Formation Commissions (LAFCos) are responsible for annually adopting a proposed budget by May 1st and a final budget by June 15th in accordance with Government Code Section 56381. State law specifies the proposed and final budgets shall, at a minimum, be equal to the budget adopted for the previous fiscal year unless LAFCo finds the reduced costs will nevertheless allow the agency to fulfill its prescribed regulatory and planning duties.

DISCUSSION

Funding Sources:

Trinity LAFCo's annual operating expenses are principally funded through appropriations from the County and Special Districts, in addition to application fees. Each fiscal year, after the Commission adopts the final budget, the County Auditor-Controller apportions the net operating expenses equally between the County (1/2) and the independent special districts (1/2). Special district apportionments are based on each agency's proportionate share of total revenues, as reported in the most recent annual reports published by the State Controller's Office, pursuant to Government Code section 56381. Statutory authority provides the mechanism for the County Auditor-Controller to collect the amounts apportioned.

Operating Expenses:

The proposed operating expenses reflect the anticipated staffing services, daily operational needs, and preparation of municipal service reviews and sphere of influence updates. No changes in operating expenses are proposed from the prior fiscal year.

Operating Revenues:

LAFCo has been operating at a deficit and relying on reserve funding to balance revenues and expenses. In years past, staff has proposed annual increases of 2-3 percent in member contributions while maintaining operating expenses at consistent levels to slowly close the gap between revenues and expenses. However, a fiscal analysis conducted last year indicated that continuing this strategy was expected to deplete reserves over the next five to seven years.

To address this issue, staff presented budget alternatives to the Commission on April 14, 2025, that would increase member contributions by either five percent or seven percent annually over a five-year period. Following discussion, the Commission selected the option providing for annual revenue increases of five percent.

Consistent with that direction, the proposed FY 2026-27 budget included an approximately five percent increase in member contributions and was approved by the Commission at its April 21, 2026 meeting. No comments have been received from funding agencies on the proposed budget, and no changes have been made to the final budget (Attachment A).

Proposed Work Plan:

As stated above, the final budget is intended to cover basic operating and administration expenses of the Commission. This includes the development of municipal service reviews and sphere of influence updates for special districts throughout the county. The following workplan is proposed for FY2026-27:
